

Department of Justice Visitor Health Self-Screening Form

This form should be reviewed and completed by all visitors to Department of Justice facilities. In most cases, visitors will be asked only to acknowledge that they have assessed their health on the day of the visit using this form. While visitors are encouraged to complete the questionnaire in writing, they will not be required to submit or show the questionnaire to security personnel and/or the sponsor of the visit meeting them at the point of entry. Failure to acknowledge completion of the questionnaire may result in denial of entry to Department of Justice buildings and facilities.
